

12" Boston Fern Hanging Basket Item# 50424

Boston Ferns have been a garden favorite since the Victorian times with graceful arching fronds. Perfect hanging on your sheltered porch or replant them into a container. Place in partial shade to shade and keep soil moist but not wet. For best performance fertilize every two weeks. Boston ferns can be brought indoors, place in bright light and be sure to not overwater.

How to Grow:

Plant in partial shade to shade

Indoors bright light

Keep soil moist, not wet

Fertilize every two weeks
